The Commission de Surveillance du Secteur Financier ("CSSF") in Luxembourg is responsible for supervising Alma Capital Investment Management in relation to this Key Information Document.

(the "Sub-Fund") is authorised in Luxembourg and regulated by the CSSF.

This product is managed by Alma Capital Investment Management, which is authorised in Luxembourg and supervised by the CSSF.

Accurate as of: 15 February 2024

What is this product?

Type

- This product is a class of share of the Sub-Fund and denominated in EUR. The Fund Alma Platinum IV is an open ended investment company with a variable capital and qualifies as an Undertaking for Collective Investment in Transferable Securities ("UCITS"), subject to Part I of the Luxembourg law of 17 December 2010 relating to undertakings for collective investment ("Investment Fund Law"), transposing Directive 2009/65/EC related to UCITS.
- As an investment fund, the return of the Sub-Fund depends on the performance of its underlying assets.

Objectives

Investment objective

- The investment objective of the Sub-Fund is to seek capital appreciation. To achieve the investment objective, Prudence Asset Management Pte. Ltd. (the "Investment Manager") intends to invest in debt instruments and publicly-traded equities issued by companies with significant business exposure to Asia.

Investment policy

- The Sub-Fund seeks to invest primarily in long and short positions, either directly or indirectly through derivatives in the case of long positions or indirectly through derivatives only in the case of short positions, in debt instruments and publicly-traded equities. The Sub-Fund is not limited to any particular industry or sector in pursuing its investment objectives.
- The Sub-Fund is authorised to utilise a broad range of securities, derivatives and investment techniques, which include, among others: debt securities and instruments of government and corporate issuers – both investment grade and non-investment grade, including unrated, high yield and distressed securities (such distressed securities not being expected to exceed 10% of the Sub-Fund's net asset value); convertible bonds, AT1 bonds and contingent convertible bonds (such AT1 bonds and contingent convertible bonds will not exceed 20% of the Sub-Fund's net asset value); total return swaps, credit default swaps, options, warrants, futures and index derivatives; credit-linked notes and asset-backed securities (such asset-backed securities will not exceed 10% of the Sub-Fund's net asset value); equities and equity related securities; currencies (including FX); cash and cash equivalents, including but not limited to short-term corporate or government obligations and money market instruments as well as money market funds.
- The Sub-Fund may invest in transferable securities and money market instruments of non-OECD countries.
- Derivative instruments (including both exchange-traded and over-the-counter derivatives, such as swaps, futures, forwards and options) may be used by the Sub-Fund for investment and hedging purposes. By using such derivative instruments, the Sub-Fund itself can be economically leveraged and could therefore be subject to an accelerated increase or decrease of the net asset value of the Sub-Fund (relative to the increase or decrease in value of the assets to which the derivative instruments relate). Derivatives are typically unfunded instruments. If the Sub-Fund is investing extensively using

unfunded derivatives, a significant proportion of the assets of the Sub-Fund may be invested in cash, government bonds and money market instruments.

- The Sub-Fund may invest up to 20% of its net assets into bank deposits at sight. Such limit can be temporarily breached for a period of time strictly necessary when, because of exceptionally unfavourable market conditions, circumstances so require and where such breach is justified having regard to the interests of the investors.
- The Sub-Fund will not invest more than 10% of its net asset value in units or shares of other UCITS or other UCIs.
- The Sub-Fund is actively managed with no reference to a benchmark.
- The Sub-Fund promotes, among other characteristics, environmental or social characteristics, or a combination of those characteristics in compliance with Article 8 of the Sustainable Financial Disclosure Regulation ("SFDR").
- Given the above objectives and the risk and reward profile of the product, the recommended holding period is 5 years.

Redemption and Dealing: This product is valued on each day which is a day on which banks are open for normal business in Luxembourg, London, Singapore and Hong Kong and each clearing agent is open for business. Shares may be subscribed or redeemed on each Business Day no later than 10:00 a.m. (Luxembourg time) three Business Days prior to the relevant valuation day.

Distribution Policy: This product does not pay dividends. Income generated by the Sub-Fund is reinvested and included in the value of your share.

Intended investor

The Sub-Fund has been designed for investors who are looking for long term capital growth through exposure to alternative investment strategies. As the Sub-Fund may therefore employ sophisticated strategies (including the use of derivatives), it is intended only for knowledgeable and experienced investors who are able to understand and evaluate both the investment strategy and its inherent risks (such understanding and evaluation may be gained through advice from a professional advisor). In addition, investors must be able and willing to invest in a sub-fund with a high risk grading as further described in the main part of the prospectus under "Typology of Risk Profiles."

The class I2C-E is dedicated to institutional investors only.

The board of directors intends to close the share-class to new subscriptions on the launch date other than subsequent subscriptions by existing shareholders. The board of directors reserves the right to close and/or reopen the share-class for further subscriptions at any time at its sole discretion.

The minimum investment is EUR 5,000,000.

Term

This product was incorporated for an undefined period. The manufacturer may not terminate it unilaterally. Only the board of directors of the Fund or a general meeting of shareholders may decide to terminate this product.

Practical information

Depository: CACEIS Investor Services Bank S.A., 14, Porte de France, L-4360 Esch-sur-Alzette, Grand Duchy of Luxembourg

Further information: The prospectus of the Fund and periodic reports are prepared for the entire Fund. Assets and liabilities of each sub-fund are segregated by law, meaning that the liabilities allocated to one sub-fund may not impact the other sub-fund. Shareholders are entitled to convert

their shares in shares of another sub-fund/class of the fund, as more described in the prospectus.

Copies of the prospectus and of the last annual and semi-annual reports of the entire Fund as well as other practical information such as the latest price for the shares may be obtained free of charge, in English, from Alma Capital Investment Management or at www.fundsquare.net.

What are the risks and what could I get in return?

Risks

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because it is not able to pay you.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performance of the product over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Unfavourable: this type of scenario occurred for an investment between 28 February 2020 and 29 December 2023.

Moderate: this type of scenario occurred for an investment between 30 April 2016 and 30 April 2021.

Favourable: this type of scenario occurred for an investment between 30 April 2014 and 30 April 2019.

What happens if Alma Capital Investment Management S.A. is unable to pay out?

You are exposed to the risk that Alma Capital Investment Management S.A. might be unable to meet its obligations in connection with the product. This may materially adversely affect the value of the product and could lead to you losing some or all your investment in the product. A potential loss is not covered by an investor compensation or protection scheme.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. They are based on the following regulatory assumptions: (i) in the first year, you would get back the amount that you invested (0% annual return) and, for the other holding periods, the product performs as shown in the moderate scenario and (ii) € 10,000 is invested.

Example Investment € 10,000	if you exit after 1 year	if you exit after 5 years (recommended holding period)
Total Costs	€ 173	€ 1,014
Annual cost impact*	1.7%	1.8%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 3.7% before costs and 1.9% after costs.

Composition of costs

One-off costs upon entry or exit		Annual cost impact if you exit after 1 year
Entry costs	0.00%. In case of conversion into another class or another sub-fund, no conversion fee is charged but you may be requested to bear the difference in subscription if higher. The board of directors may apply a dilution levy of up to 2% of the net asset value per share.	up to € 0
Exit costs	0.00%.	up to € 0
Ongoing costs taken each year		
Management fees and other administrative or operating costs	1.20% of the value of your investment per year. This is an estimate based on actual costs over the last year.	€ 120
Transaction costs	0.00% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	€ 0
Incidental costs taken under specific conditions		
Performance fees	0.53% of the value of your investment per year. This is an estimate, calculated yearly and based on the average over the previous 5 years. The performance fee will be equal to 10% of the positive performance over the high water mark and the hurdle rate. The actual amount will vary depending on how well your investment performs.	€ 53

How long should I hold it and can I take money out early?

Recommended holding period ("RHP"): 5 years

The RHP has been defined by taking account the above investment policy and risk and reward profile. You should be prepared to stay invested for at least 5 years. However, you can redeem your investment without penalty prior to the end of the RHP or hold the investment longer. Redemptions of shares will be effected each valuation day provided that the redemption notice has been received no later than 10:00 a.m. (Luxembourg time) three (3) Business Days before the relevant valuation day, which is each Business Day. Applications received after that time will be considered for the following valuation day and processed on the next valuation day. Any cashing-in before the end of the recommended holding period may have a negative consequence on your investment.

How can I complain?

If you have any complaint about the product, please find the steps to be followed for lodging any complaint at www.almacapital.com/documentation/. You can also send your complaint at the registered office of the management company and/or directly to local distributors and/or paying agents of the relevant country of distribution or by e-mail to: compliance@almacapital.com. If you have a complaint about the person that advised you about this product, or who sold it to you, they will tell you where to complain.
